Material

The **VOE SLIM** garments are made of an elastic material that combines elastan fibres with nylon microfibrils. The material is filled with thousands of specially developed microcapsules that are very resistant, porous and motionless. They contain active ingredients that are released gradually during the garment's lifespan, while it is being used.

The capsule components

CAFFEINE

Activates the microcirculation and enhances fat burning and cellulite reduction

RETINOL AND VITAMIN A

Stimulate collagen synthesis

CERAMIDS

The benefits when using a VOE Slim garment continuously

An efficiency that is comparable to the best anti-cellulite creams on the market.

Efficient slimming effect.
Up to 2 cm reduction of the hip area.

Efficient reduction of fat depots.

Efficient reduction of the "orange-peel" look

A large proportion of our customers assure us that they can feel their jeans being less tight and that they feel slimmer.

Proven benefits when the garment is worn eight hours daily for a period of 28 days.

The results have been certified by an independent laboratory.
